

## Barnwarming 2004

The 2004 Barnwarming was held at the Livingston County Fair Grounds on October 23, 2004. Barnwarming is our chapter's fundraiser. It is a chance for everyone in the chapter to get out and get involved in the community to raise money for our FFA chapter. This is also a good chance for FFA members to get together, work together, and have a good time!

This year was another record breaking year. We outdid last year's record of \$16,494 total and set a new record at \$23,340.05. Once again, the unbeatable class of 2005 won with an average of \$228.88 per person. That is almost double the average of the second place class, 2006, who had an average of \$120.75. Next was the class of 2007 with a total of \$5000.30 and an average of \$104.17. Finally we had the class of 2008 with a total of \$3096.50 and an average of \$72.01. Before the class of 2005 came into the FFA, the average of \$72.01 per person had a very good chance of winning the entire Barnwarming.

## State Star Farmer Oil Crop Production Proficiency Award

Tyler Jones, of the Chillicothe FFA Chapter, was selected as the Missouri State Star Farmer and as the state winner of the FFA Oil Crop Production Proficiency Award during the 77<sup>th</sup> annual Missouri FFA Convention.

Tyler is the son of Charles and Sherry Jones of Dawn, MO. As

the State Star Farmer, he was chosen based upon outstanding production agriculture for his Supervised Agricultural Experience (SAE) program and active participation in the FFA.

As the winner of the FFA Oil Crop Production Award, Tyler was recognized as an FFA member who excelled as an agricultural entrepreneur while gaining hands-on career experience. Oil Crop Production is one of the 51 proficiency award areas recognized at the state level. In November Tyler's proficiency award will move on to the National level.

Tyler started his SAE project with two angus cow/calf pairs and 10 acres of soybeans. He also worked for his father and grandfather on their family farm of approximately 500 cow/calf pairs, 3,250 acres of row crops and 600 acres of hay ground.

Tyler has expanded his farming operation to 10 cow/calf pairs and is share cropping a 450-acre farm. He receives the profits for 150 acres. Tyler sharecrops with his father and landlord while continuing to work for his father and grandfather on their farm. He is in charge of all hay work as well as silage packing and dozing. Tyler is responsible for haying the cattle and the care of approximately 150 head during calving season. He operates the drill and tillage equipment during planting season and one of the family's combines during harvest.
